ACKNOWLEDGEMENT

"DREHER GOES MAD" would not be possible if it were not for those crazy, zany, and brilliant members of the MAD magazine staff. MAD, we thank you from the bottom of our feet and love you for all the help you have given us.

Dear Alfred E. Neuman:

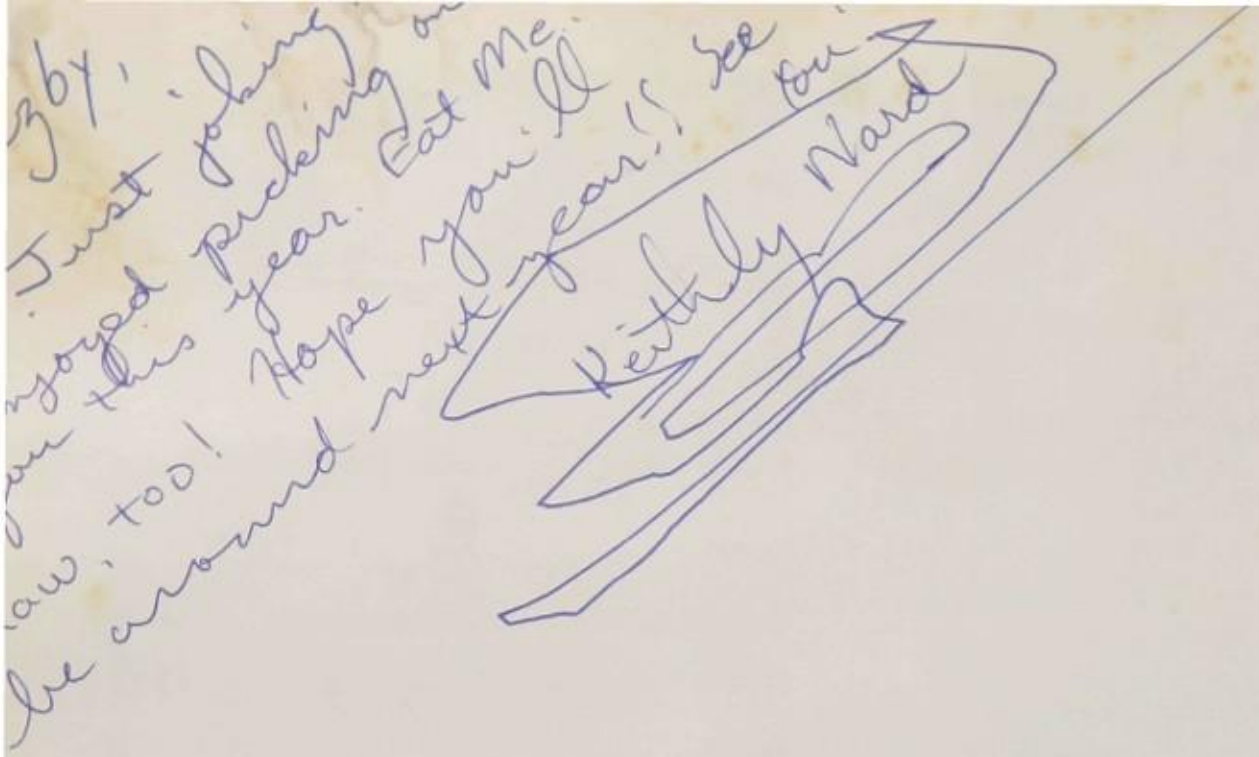
The annual staff of Dreher High School in Columbia, South Carolina, requests your permission to parody Mad for this year's edition.

Specifically, your help is requested in the production of the likenesses of Alfred E. Neuman and other frequently seen features such as "Spy vs. Spy", "The lighter Side of _____", television and movie satires, and a replica of the format type on your cover. These would only be topic heads and we would write our own stories and illustrate them through photographs and art work done by students. We would like to ask that our art department be given some specimen drawings of Mr. Neuman, and etc. for reference. We sincerely thank you for any cooperation you can give us in this endeavor.

Sincerely,
Diane Shupeno Hoss
Carolyn Hubbard
Co-editors of the annual

OCT 28 1974

Sorry - you will have to use material from magazines!



To the students, faculty, and the administration of Dreher:

We, the 1974 - 1975 BLUE DEVIL staff, wish to thank you for all of the help, time, and great support you have given us. This annual represents a new endeavor in moving away from the traditional yearbook that never varies in it's format. We have attempted to give the students an annual that represents their school in a way that has never really been tried. Unfortunately, many obstacles were in our way. We overcame these problems as best as we could and managed to add more to this annual in other ways. Many pictures proved unprintable for this annual, so others were used in their place, in hopes of keeping the format and the mood of the annual going. Again, we wish to thank everyone for all of the help you have given us.

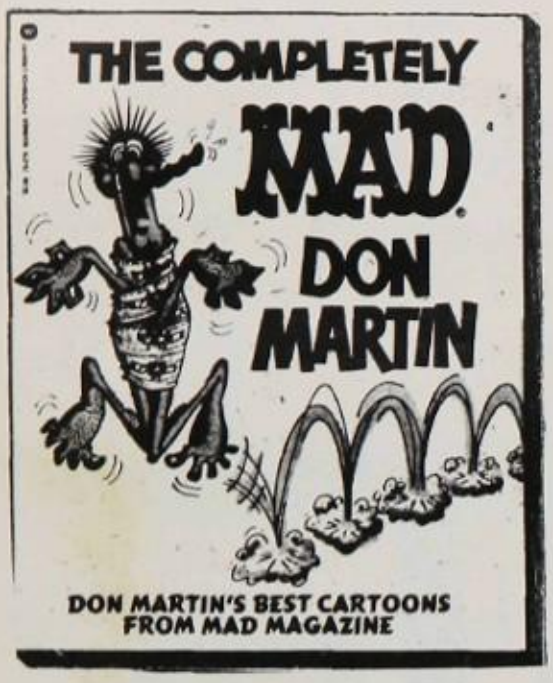
LETTERS TO THE ED.'S...



Dear Editors,

I am writing to ask why the Dreher High School Student Council has worked so hard to accomplish so little? I know it is exaspirating for the Council members to think up such great failures. It is getting so that the students are beginning to call them "copycats" because their accomplishments amount to about as much as the administration.

Sincerely,
Bill Spurgeon

Dear Readers,

This annual will prove to be the most unusual yet to have ever been produced for the school. We plan to take a detour from the road of the serious annual and go the way of frolics, fun, and the good memories that we want to always remember throughout our lives. This will be a new experience for us all. Please join us with a fresh, happy heart.

An Editor

The Annual is unusual because it is MAD!

NOW...SAVE 35¢!

Ignore this ad for full-color portraits of Alfred E. Neuman, MAD's "What—Me Worry?" kid! Because that's what one costs! Two issues ago, before the price rise, you would've only saved 25¢ if you ignored this ad! Now, they're 35¢ for 1, 75¢ for 3, $1.55 for 9, $3.15 for 27 and $6.35 for 81! So if you can't ignore this ad, that's what you send to: MAD, 485 MADison Ave., N.Y., N.Y. 10022

Dear Mams,

I would like to commend the Dreher High School Annual Staff for taking the initiative to begin printing their own annual. I feel that this is a definite step forward in the effort to make a "number one" annual.

Also, the idea to fashion the annual after MAD MAGAZINE is one of integrity, imagination, and courage. This annual will surely be in the front as an example to others of a fine annual.

Once again, I'd like to congratulate you on this fine idea, and for your commendable efforts.

Sincerely,
Candy Lilly

Dear Editors,

We honestly believe that this is the best annual Dreher ever put out. The Format is definitely superb and all the pictures are great. You, your photographers, and your staff deserve the highest commendations.

GUESS WHO

Dear Sirs,

I am very happy to say that as a former Booker student, I'm very happy at Dreher. Everyone (almost everyone) has been very friendly and nice. People have excepted me for what I am and have not looked down on me because I went to Booker. I am proud of Booker and of having the chance to go there. It's one of my greatest experiences. Dreher is turning into a great and memorable experience also. For this I would like to thank all the last year Dreher students for their exceptance. THANKS!

Anon.

Dear Editors,

Lunch period is now 50 minutes long. There is just not enough time to go someplace and eat, and come back to get a decent parking place in time for your next class. Students who have been sitting in three classes all morning deserve at least one hour for lunch period. Most of the students who attend Dreher have to come back for three more classes. I do not think it would be asking to much to cut some classes five minutes short so the teachers and students can have more time for lunch.

Sincerely,
Lynn Lee Brown

Dear Editors,

Could you explain something to me? I do not understandy why so many students are going around spreading malicious rumors about the annual? This is something that could really hurt the publication of any future annuals. Is this someone's idea of telling us to give up annuals forever? Please explain this to us sometime.

Sincerely,
A Student

THE CRISES CRISIS

See what kind of a world we live in.
Crises, Crises... everywhere you turn.
There are no longer any "Problems," just Crises.
How does a simple Problem become a Crisis?
Easy! It's put on the TV News,
And it's an Instant Crisis.
Because a Problem is boring, but a Crisis gets ratings.
Oh, well... that's Show Biz!
And Newspapers scare you even more
By creating Crises of their own
Because one of Newspapers' biggest Crises these days
Is trying to stay in business competing against TV News.

See the man in the Strait Jacket.
One day he didn't watch TV or read a Newspaper.
He wasn't aware of a single new crisis.
He went insane.
He just wasn't prepared to live in a world without crises.

This year a group of forty some-odd Dreher students descended on the historic city of Williamsburg, Va. Under the supervision and the guidance of Ms. Hendrix, each and every student was given a first class tour of the city. Local surroundings, fine cuisine, and even the stores added to an even more enjoyable visit. Two different tour groups were arranged for students on their first trip and another was set up for those who decided to make a return trip. Planned activities during the day added to free time in the evenings gave each student his chance to explore the city alone. The trip proved to be an enjoyable trip for everyone involved.

WILLYGATOR NEWSLETTER

Published not annually, nor even every four years, but just once!!!!!!!!!!!

THE FIRST
72-73

Willygator was born about three years ago when his creator, an amateur artist, was a mere sophomore here at Dreher. Since that time, Willygator has been recognized by some (or maybe just one) as a "wonderful masterpiece" and by others as "just another alligator with a funny name". (no matter he got in the annual anyway) Willygator all began in the latter part of 1972-73 as an alligator on a log and has progressed into today's refined scribble.

Among his many achievements is having been named winner of the May 1974 contest for the classiest mack truck. (but since no other entries showed up the only prize was a blister on the driver's shifting hand. Fifteen speeds at every stoplight --- whew!

PRESENT DAY
74-75

MACK TRUCK DAY
MAY 1974

A later showpiece was the Gator-318 Dart Special which runs on a nitro-gasoline mixture. (move over Batmobile)

Trawley's **WE LISTEN :**

$200 can still buy a legitimate high fidelity receiver.

Pioneer recognizes that with today's advanced receiver technology, the two hundred dollar high fidelity receiver may well be approaching the same fate as the five cent chocolate bar.

And yet, to retain the representation of a two hundred dollar high fidelity receiver, you'll see a handful of models that play the illusion game by preserving some of the essential features, while sacrificing many others. Some have adequate amplifiers, but their tuners are scarcely high fidelity caliber. Some have discarded many of the features you should have. While others have skimped by substituting plastic in place of metal, and have absolutely no wooden cabinet.

Not Pioneer's Sound Project 300. It's a two hundred dollar unit, and it's authentic high fidelity — with all the quality craftsmanship you have come to expect from Pioneer. It has a high fidelity amplifier combined with a sensitive tuner, comparable in performance to much more expensive units. And just about all the controls, features and connection facilities you need and expect to derive the most enjoyment from your hi-fi system.

$199.95 buys our Sound Project 300 receiver with its built-in Pioneer quality and reliability. And you can't get high fidelity more legitimate than that.

YE OLDE ENDS

Thank Heavens !!!!! It's finally finished + Now is the time that I'm suposed to sound very wise and philosophical about all of the ways of producing this annual, but I can't. This year's annual proved to be one of the most difficult to be produced.

I would like to take time out to thank those who helped us through the thick and thin of things. Many thank go to Barbara, Pam, Don, and Wallace for all of the help and encouragement they gave us. Without these people this annual would not have been possible. Special thanks go to our sponsors, Mr. Timothy Kasprzyk (did I get it right?), and Mrs. Jane McKay, for standing behind us all the way. Thanks go to Dr. Wilsford and "good ol' Buzz" for their help, also.

This annual was not mean't to represent one basic idea, but was mainly designed to represent life at Dreher and the good times we have. Yeah, we have our problems just like everyone else, but we try to do something about them.

Thanx ++!!!!!

Carolyn

Good Luck in the future
Love
Mr. & Thomas

I can't believe this year has gone by so fast! By the time we got finished with our first deadline our next and last one came looming up. All too fast. There are so many people I would like to thank, but it would take this page and more so I'll say it once, "Thanks!" My junior year here at Dreher has been fantastic. I think working on the annual has made it so, I still can't believe that I have learned 100 teachers names. I do want to say one thing, A lot of people worked hard and spent a great deal of their precious time on this master-piece so I hope you can appreciate it!

Elaine

it could have been better, but it wasn't. You're a nice and sweet person, stay that way, but you have got to get over some of your silly ways. We were once close, and I hope we can be again. If I can ever help you then please let me know. We went through alot together and it was fun, not always though. I guess I can say that you were my best friend through most of this year. And you still are a good one. Have good luck with whoever you like this ~~summer~~ Summer and always remember me!
